

Dear Parents,

We have some great news!! We at Central are dedicated to serving our students and their families. With this in mind, the district has decided to develop an after school program designed to assist our working parents.

CASP (Central's After School Program) is an after school program designed to help the parents of elementary students. Children may stay at school until 5:30, and will be supervised by Central ISD staff members. While participating in the after school program children will be able to work on homework, read, join in on a variety of activities and games, and they will be provided with an after-school snack. Fees for the program are \$95.00 a month for one student, \$150.00 a month for two students, and \$200.00 a month for three or more students. There is a discount for CISD employees. Payments will be due at the 1st of each month.

For those interested in signing up for after school care in September, **the registration deadline is Thursday, September 10th** and CASP will begin on Monday, September 14th. The prorated cost for September is \$61.75 for one student, \$97.50 for two students, and \$130 for three or more students.

Attached are the three forms that must be completed before beginning the program. Please return all forms and payment (check or money order) to the Elementary office by September 10th.

Sincerely,

Richard Nash

After School Director
